SAFETY DATA SHEET

Product: LithoFoam® CC

Section 1: Identification of the substance/mixture and of the company

1.1. Product identifier

- **Product name:** LithoFoam® CC
- **Use of the product:** Accelerator for LithoPore® Aerated Concrete - LPAC applications

1.2. Relevant identified uses of the substance or mixture and uses advised against

for industrial use only.
- **Uses advised against:** No information available

1.3. Details of the supplier of the safety data sheet

- **Manufacturer:** Luca Industries International GmbH
  - Phone: +49 30 457989680
  - Fax: +49 30 457989689
  - Email: info@luca-industries.com

1.4. Emergency telephone number: +49 30 457989680 (during normal business hours)

Section 2: Hazards Identification

2.1. Classification of the substance or mixture

- **Classification according to Directive (EC) nr. 1272/2008**

<table>
<thead>
<tr>
<th>Hazard Class</th>
<th>Hazard Category</th>
<th>Safety note</th>
</tr>
</thead>
<tbody>
<tr>
<td>Primary Eye Irritation</td>
<td>Category 2</td>
<td>H319: Causes serious eye irritation</td>
</tr>
</tbody>
</table>

2.2. Label elements

- **Hazard Pictograms:**

- **Signal word:** Warning

- **Hazard statements:**
  - H302: Harmful if swallowed
  - H319: Causes serious eye irritation
  - H290: May be corrosive to metals
SAFETY DATA SHEET

Product: LithoFoam® CC

Version: 08/2018

• Precautionary statements:
  P280 - Wear protective gloves, protective clothing, eye protection

  P305+351+338 - IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

  P337+P313 – If eye irritation persists: get medical advice/attention

2.3. Other hazards

No further informations available

Section 3: Compositions/information on ingredients

3.1. Substances

3.2. Mixture
  Inorganic salts
  Stabilizers
  Water

Section 4: First aid measures

4.1. Description of first aid measures

• Inhalation: If inhaled, remove to fresh air. If victim has stopped breathing: administer CPR (cardio-pulmonary resuscitation). Immediate medical attention is required.

• Skin Contact: remove any contaminated clothing and wash skin and hair thoroughly with running water. If swelling, redness, blistering or irritation occurs seek medical assistance.

• Eye Contact: Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Immediate medical attention is required if irritation persists after washing

• Ingestion: Do NOT induce vomiting. Rinse mouth with water. In case of complaints seek medical help.

4.2. Most important symptoms and effects, both acute and delayed

  Eye Contact: pain, redness, tears
  Ingestion: pain in the mouth, throat and stomach, nausea
  Long-term Skin contact may aggravate existing skin disease.
SAFETY DATA SHEET

Product: LithoFoam® CC

4.3. **Indication of any immediate medical attention and special treatment needed**
No further informations available

**Section 5: Firefighting measures**

5.1. **Suitable extinguishing agents:**
Not combustible. - Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

5.2. **Special hazards arising from the substance or mixture:**
Harmful, suffocating or toxic vapors are released.

5.3. **Advice for firefighters**
Fire fighters are required to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to products of decomposition.

**Section 6: Accidental release measure**

6.1. **Personal precautions, protective equipment and emergency procedures:**
Avoid accidents, clean up immediately. Wear protective equipment to prevent skin and eye contact. Walk carefully over the released product.

6.2. **Environmental precautions:**
Do not discharge into drains/surface waters/groundwater. Do not allow to enter the ground/soil.

6.3. **Methods and material for containment and cleaning up:**
Dilute the remnants with plenty of water. Collect the spilt product with an absorbing product as soon as possible and put it in suitable waste containers. Dispose of contaminated material as waste according to item 13.

6.4. **Reference to other sections:** 7. HANDLING AND STORAGE,
8. EXPOSURE CONTROLS/PERSONAL PROTECTION.

**Section 7: Handling and storage**

7.1. **Precautions for safe handling**
Wear protective equipment to prevent skin and eye contact. Ensure good ventilation/exhaustion at the workplace. Do not get in eyes. Keep container closed when not in use.

7.2. **Conditions for safe storage, including any incompatibilities**

- **Requirements for storage rooms and containers:** Store in a cool, dry, well ventilated place and out of direct sunlight. Keep the container closed.
- **Advice on storage compatibility:** no special requirements
• Further Information for storage conditions:
  Keep containers closed. Protect against heat.
  Recommended storage temperature: -15 - 25°C
  Storage stability: in case of intended storage in compliance with instructions 1 year storable.
  Storage class: 12.
  Color changes during storage do not affect the effectiveness of the product.

7.3. Specific end use(s) No further informations available.

Section 8: Exposure controls/personal protection

8.1. Control parameters

• Workplace Exposure Limit: The product does not contain any relevant quantities of materials with critical
  values that have to be monitored at the workplace.

• Technical measures to prevent exposure:
  Under normal conditions, in the absence of other airborne contaminants, an approved protective equipment
  should provide protection from this product. In the case of respirable dust and/or fumes, use self-contained
  breathing apparatus. Keep containers closed and protect against heat.

8.2. Exposure controls:

• General safety and hygiene measures:
  Wear overalls, chemical goggles and impervious gloves. Avoid generating and inhaling dusts.

• Hygiene: Keep the material away from food and drink. Always wash hands before smoking, eating, drinking or
  using the toilet. Wash contaminated clothing and other protective equipment before storage or re-use.

Section 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

• Appearance: slightly turbid liquid, light blue
• Odour: odourless
• Odor treshold: not available
• pH: 7.0 – 8.0 (10 g/litre, cold)
• Melting point/freezing point: -20°C
• Initial boiling point and boiling range: 110°C
• Flashpoint: not flammable
• Flammability: not flammable
• Upper/lower flammability or explosive limits: not applicable
• Vapor pressure: 23 hPa (20°C/68°F)
SAFETY DATA SHEET

Product: LithoFoam® CC
Version: 08/2018

- Vapor density: not available
- Relative density (g/ml): 1.20 – 1.35 (20°C/68°F)
- Solubility (20 °C in g/l): soluble
- Partition coefficient (n-octanol/water): not available
- Auto-ignition temperature: not combustible
- Decomposition temperature: not available
- Viscosity: not available
- Ignition point (°C): not combustible
- Explosive properties: not explosive
- Oxidizing properties: not available

9.2. Other information: No further informations available.

Section 10: Stability and reactivity

10.1. Reactivity: lowering of the pH-value in the area of application.

10.2. Chemical stability:

Stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.

10.3. Possibility of hazardous reactions: No dangerous reaction known under conditions of normal use.

10.4. Conditions to avoid: On exposure to high temperature above 175°C, may decompose, releasing toxic vapors.

10.5. Incompatible materials:

Incompatible with most metals.

10.6. Hazardous decomposition products: No further informations available

Section 11: Toxicological information

11.1. Information on toxicological effects

The substance or mixture is not classified as specific target organ toxicant. No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label.

- Acute toxicity: LD50 Oral Rate: 2300 mg/kg (rat).
- Skin corrosion/irritation: LD50 Oral Rate: >5000 mg/kg (rat).
- Serious eye damage/irritation: May cause serious eye irritation.
- Respiratory/skin sensitisation: No sensitizing effect known.
- germ cell mutagenicity: Based on available data, the classification criteria are not met.
- carcinogenicity: Based on available data, the classification criteria are not met.
SAFETY DATA SHEET

Product: LithoFoam® CC
Version: 08/2018

- reproductive toxicity: Based on available data, the classification criteria are not met.
- STOT-single exposure: Based on available data, the classification criteria are not met.
- STOT-repeated exposure: Based on available data, the classification criteria are not met.
- aspiration hazard: Based on available data, the classification criteria are not met.

### Section 12: Ecological information

#### 12.1. Toxicity:
Slightly hazardous for water (Water Hazard Class: 1)

#### 12.2. Persistence and degradability: Inorganic product, cannot be eliminated from water using a biological cleaning procedure.

#### 12.3. Bioaccumulative potential: Not bioaccumulative

#### 12.4. Mobility in soil: No further informations available

#### 12.5. Results of PBT and vPvB assessment:
This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher

#### 12.6. Other adverse effects: Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system

### Section 13: Disposal considerations

#### 13.1. Waste treatment methods: Refer to Waste Management Authority. Dispose of contents/container in accordance with local/regional/national/international regulations. Large quantities are returnable. No mixing with other waste.

### Section 14: Transport information

#### 14.1. UN-Number: not applicable

#### 14.2. UN proper shipping name: not applicable

#### 14.3. Transport hazard class(es): not applicable

#### 14.4. Packing group: not applicable

#### 14.5. Environmental hazards: No environmental hazards

#### 14.6. Special precautions for user: no special precautions necessary
14.7. **Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:** not applicable

**Section 15: Regulatory information**

15.1. **Safety, health and environmental regulations/legislation specific for the substance or mixture**

- **National regulations: General Classification Guideline for Preparations of the EC (BetrSichV):** not applicable
- **Water hazard class:** WGK 1 (Low water hazard)
- **Hazardous ingredients for labeling:** not applicable.
- **Substances of very high concern (SVHC):** This product does not contain substances of very high concern according to Regulation (EC) No 1907/2006 (REACH), Article 57 above the respective regulatory concentration limit of ≥ 0.1 % (w/w).

15.2. **Chemical safety assessment**

For this product a chemical safety assessment was not carried out.

**Section 16: Further informations**

This information applies to the product LithoFoam® CC. It does not constitute a properties guarantee and does not apply to any subsequent products possibly derivating therefrom.
